

# Survey of Videos from the COA Resource Library

**The task was to decide:**

- 1) the videos which were of historic significance to the Council on Aging
- 2) the videos which were of use with respect to the work of the Council on Aging
- 3) the videos which were more appropriate to the work of other agencies
- 4) the videos which were no longer useful ie. dated, poor quality

A very simple coding system was used. For those videos which remain in the COA Resource Library the conventional library system of coding should be used.

**1. Videos of historic significance to COA (COA history # -)&(COA program # - )**

COA history #1 – The Council on Aging 1984	(ENG) 14:00	1 copy
